

Bilpin

Come up to the crisp mountain air in Beautiful Bilpin and enjoy the views over the country side.

This charming older style home is quite spacious and has generous size living areas with high ceilings and timber floors leading out to covered verandahs. There are three bedrooms upstairs and a fourth bedroom, rumpus and second bathroom downstairs, easily made into separate accommodation. The home is air-conditioned and has a central slow combustion fireplace for these cosy winter evenings. The home is set amongst some lovely established trees and the 12.5 acres are a mix of forest and cleared arable land with a dam. A 9m x 6m three bay farm shed gives good storage for your machinery.
